

# IMU-RHIME AWARD

## The IMU-Ron Harden Innovation in Medical Education Award

The IMU-Ron Harden Innovation in Medical Education (IMU-RHIME) Award was first introduced for the 2008 International Medical Education Conference to:

- to encourage innovations in medical and health professions education
- to recognise innovations by academics that might otherwise go unnoticed

The award honours Professor Ronald Harden who has played a crucial role in the inception of the International Medical University (IMU). This is a prestigious award because Professor Harden is a globally recognized “guru” in medical education.

You are invited to submit innovations for the **13<sup>th</sup> International Medical Education Conference (IMEC 2018) held on 13-15 April 2018.**

The criteria for submitting innovations to be considered for the IMU-RHIME Award are as follows:

The scope of the innovation should follow the main theme and categories for oral, poster and e-poster presentations of the conference: **From Personalised Learning to Mastery of Competencies: Impact of Technology and Simulation on Health Professionals**

### Categories:

- Assessment and evaluation
  - Postgraduate and workplace-based training
  - Curriculum design and delivery
  - Faculty development
  - Cross-cultural learning
  - Inter-professional learning
  - Qualifications and accreditation
- 
- There is **NO LIMIT** to the number of innovations submitted.
  - At least ONE (1) author of each innovation **MUST** register for the Conference.
  - Two abstracts are to be submitted for each innovation by **31 January 2018**.
    - i. one regular abstract (maximum 300 words)
    - ii. one extended abstract (maximum 500 words)
  - The extended abstract should contain:
    - i. The introduction/ background of why this innovation is necessary
    - ii. Description of the innovation
    - iii. Results of evaluation (if already done)
    - iv. Discussion
    - v. References

- Please use single spacing and Arial, font size 11.
- Tested innovations will be at an advantage. However, innovative ideas will also be considered and weighed on their merits.

The secretariat accepts online submissions at the IMEC website before 31 January 2018. Click [here](#) to go directly to our online submission system.

Four innovations will be short-listed by a panel of international judges. The authors of the short-listed innovations will be informed by e-mail by 21 February 2018. The authors of short-listed innovations are offered to present during a plenary session at the IMEC to the audience and a panel of appointed judges. The innovation that is considered as best by the panel will be presented with the IMU-RHIME Award certificate, and awarded a cash prize of Ringgit Malaysia (RM) Two Thousand (RM2,000). The name of the first author will be engraved on the rolling trophy. Innovators whose abstracts are not short-listed for the IMU RHIME Award will be invited to present their paper during the Free Paper sessions.
