RAISING INTEGRITY CONCERNS - WHISTLE BLOWING POLICY

IMU Education Sdn Bhd (IMU) is committed to a high standard of compliance with accounting, financial reporting, internal controls, corporate governance and auditing requirements and therefore has a Whistleblowing Policy ("Policy") as an avenue for employees and non-employees to raise concerns in good faith without fear of reprisal. Below is a summary of the policy:

The policy is to enable individuals to raise concerns internally and at a high level if the individual believes there is a case of malpractice or impropriety, which are matters of public interest. These concerns could include:

i. Financial malpractice or impropriety or fraud
ii. Failure to comply with a legal obligation or statutes
iii. Bribery
iv. Abuse of power
v. Conflict of interest
vi. Theft or embezzlement
vii. Misuse of company property
viii. Non-compliance with procedure
ix. Dangers to health & safety or the environment
x. Criminal activity
xi. Improper conduct or unethical behaviour
xii. Attempts to conceal any of these

This policy is designed to offer protection to those who make their concerns known in good faith and if the disclosure has been made to the appropriate person. In an extreme case of malicious or wild allegations, legal action could result from the person complained about.

The Company will treat all such disclosures in a confidential and sensitive manner. The identity of the individual making the allegation may be kept confidential so long as it does not hinder or frustrate any investigation. However, the investigation process may reveal the source of the information and the individual making the disclosure may need to provide a statement as part of the evidence required.

In certain cases, anonymous allegations can be made but this will be considered at the discretion of the company. If an individual makes an allegation in good faith, which is not confirmed by subsequent investigation, no action will be taken against that individual. However, if an individual makes malicious or vexatious allegations, and particularly if he or she persists with making them, legal or disciplinary action may be taken against that individual.
